Four simple steps for success

Your business is important — and so is your time. Our proven system will help you produce an effective ad quickly, allowing you to focus on the things that matter most to you.

1. **CONSULTATION | Planning for success**
   Sit down with your TMS representative to help us get to know your business. Using our proven system for effective ad design, we will help you conceive the best offer(s) and ad for you.

2. **DESIGN | Your concept becomes reality**
   Our designers combine your offer(s) with artwork that you provide (logo, photos, etc.) and/or stock art to create an ad that spotlights your business.

3. **PRINT & MAIL | Getting your ad seen by customers**
   Once you approve the design, your ad will be printed using the highest quality standards before being distributed to homes and businesses in your area.

4. **PERFORMANCE REVIEW | Confirming your investment**
   After the redemption period is over, we review the results of the ad with you to make sure that it performed as well as expected or better.

Stand out with your own inserts.
